

Syllabus Topic Analysis & Percentage Frequency - 2015 to 2023 (Part 2)

Topic No.	Lesson/Topic Name	Total Question Appearances	Percentage Frequency (%)*
1	System Concepts for Object Modelling	12	6.8%
2	Object Oriented Software Development Process	1	0.6%
3	Computer Aided Systems Engineering	0	0.0%
4	Business Process Identification with Use Case Modelling	32	18.2%
5	Business Process Modelling with Activity Diagrams	11	6.3%
6	Structural Modelling using Class, Package Diagrams	43	24.4%
7	Behavioural Modelling using Interaction Diagrams	14	8.0%
8	Behavioural State Machines and Other UML diagrams	18	10.2%

9	Object Oriented Design	12	6.8%
10	Component Based Software Engineering	10	5.7%
11	System Modelling Using Case Studies	23	13.0%
Total		176	100.0%
